

PRESIDENT'S MESSAGE

The year 2009 will have unique challenges. Rising petroleum prices and economic uncertainties are events which we will all be monitoring carefully and reacting to accordingly.

Despite these issues concerning us all, we look forward to our continued outstanding service to you, our loyal customers, just as we always have in the past. We promise to maintain the quality of our products, timeliness of our deliveries, and the customer care that has been our trademark for over 50 years.

Cordially,

Michael C Brady - President

NEW IN THIS CATALOG

INDUSTRIAL: In keeping with our tradition of responding to our customer's requests, we have developed a product line that will meet the needs of transferring bio-fuels. Our bio-fuel transfer pumps make it easy to pump or siphon from most 5 to 55 gallon containers into various receptacles and vehicles.
